ABOUT ME

An Information Technology student at Amikom University Yogyakarta with a strong interest in Web Development and 3D Modeling. Experienced in handling freelance 3D projects and creative design work. Passionate about creating visually engaging digital content and continuously improving technical and creative skills. Currently seeking part-time or freelance opportunities to gain professional experience and contribute to real-world projects.

EXPERIENCE

Freelance 3D Modeler (Ongoing)

- Completed multiple client-based 3D modeling projects using Blender
- Delivered high-quality 3D assets based on client requirements
- Managed revisions and ensured client satisfaction
- Improved skills in modeling, texturing, and rendering

Assistant Director – Final Project Film

- Assisted in managing on-set production and team coordination
- Helped organize shooting schedules and workflow
- Collaborated with crew members to ensure project completion on time

Additional Information

- Open for freelance / part-time opportunities
- Able to work independently or in a team
- Fast learner and adaptable

Other Skills

- Basic Web Development (HTML, CSS)
- Microsoft Office (Word, Excel)
- Basic Database Understanding
